

BEHAVIORAL HEALTH SERVICES

Let's work together
to create a continuum
of school mental health
services to effectively
address student needs and
create the most desirable
learning outcomes possible.

Contact Amber to discuss how
we can help meet your needs!

Now Offering Mental Health Services!

SWWC is proud to provide mental health supports utilizing innovative, evidence-based best practice standards.

Did you know ...

- one in five youth in the the US lives with a mental health condition
- less than fifty percent are receiving the services they need
- mentally healthy children are more successful in schools
- school-based mental health services support the mission and purposes of learning
- school mental health services are essential to creating and sustaining safe schools

Our highly qualified team of professionals can provide ...

- in-service trainings/professional development
- individual case consultations
- mental health counseling
- social skills training for groups and individuals
- supportive services for educators that enhance student outcomes
- social emotional learning strategies
- aid to children and families
- participation in individualized educational program planning
- and much more!

Need a specific service?

We are excited to discuss all opportunities to partner with your school district or organization.
