OPEN ENROLLMENT: TAKE ACTION!

April 28th – May 9th, 2025

This Open Enrollment is an **active enrollment**, meaning all employees must enroll to have benefits in the new plan year. If you do not enroll, your benefits will be waived beginning **July 1, 2025**, and you will not be able to enroll until the next Open Enrollment, unless you experience a Qualifying Life Event (QLE).

Insurance enrollments and qualifying events are done through [Ease](#).

ELIGIBILITY

BENEFIT ELIGIBILITY

You and your eligible family members may participate in the 2025 employee benefits program if you're a regular, full-time employee.

DEPENDENT ELIGIBILITY

You can enroll the following dependents in our group benefit plans:

- Your legal spouse or domestic partner
- Children up to age 26*
- A child under the age of 26 who is your natural child, stepchild, legally adopted child, or child for whom you have obtained legal guardianship
- Unmarried children of any age if totally disabled and claimed as a dependent on your federal income tax return (documentation of handicapped status must be provided)

NEW-HIRE ELIGIBILITY

New hires can join the plan the first of the month following date of hire. Spouses and dependent children of the employee are also eligible to participate in our benefit plans.

*Enrolled children lose coverage when they turn 26 and will be mailed COBRA enrollment information.

IMPORTANT

If you need to make a change before the next Open Enrollment period due to a change in status, you must submit the required documentation **WITHIN 30 DAYS** of the qualifying life change event. Contact **Human Resources** or login to **Ease** to process a Qualifying Life Event.

QUALIFYING LIFE EVENT

Your benefit elections made during Open Enrollment will be effective July 1, 2025. You may not make changes to your elections unless you experience a qualifying life event, including change in legal marital status (marriage, divorce, death of spouse), change in dependents (birth, adoption), change in employment status (termination, part-time), or your spouse's Open Enrollment.

CHOOSE YOUR MEDICAL PLAN

Your medical plans will be offered through Medica. Please review your summary of Benefits and Coverage (SBC) for additional coverage information and full plan details.

Elections you make during Open Enrollment will be effective July 1, 2025, and remain in effect until June 30, 2026, unless you experience a qualifying life event.

You may visit any medical provider you choose, but in-network providers offer the highest level of benefits and lower out-of-pocket costs. In-network providers charge members reduced, contracted rates instead of their typical fees. Providers outside the plan's network set their own rates, so you may be responsible for the difference if a provider's fees are above the Reasonable and Customary (R&C) limits.

FSA, VEBA, & HSA

FLEXIBLE SPENDING ACCOUNTS (FSA)

An FSA is offered in two types to allow employees to take advantage of tax savings on eligible expenses: medical and dependent care. Medical can be used for health, dental, and vision expenses (unless contributing towards an HSA, then would be limited to dental and vision). Dependent care is to be used for reimbursement of daycare expenses for eligible dependents. The FSA runs on our plan year (July 1st – June 30th). FSA accounts are purely funded by the employee.

- **Medical** – In 2025, contribute up to \$3,300
- **Dependent Care** – In 2025, contribute up to \$5,000

VOLUNTARY EMPLOYEES' BENEFIT ASSOCIATION ACCOUNT (VEBA)

Both of SWWC's health insurance plans offer the opportunity for a VEBA, for the employer contributions. A VEBA is a tax-free healthcare savings plan funded entirely by the employer. A VEBA can be used to pay for out-of-pocket medical, dental, and vision expenses. If HSA contributions are made, the VEBA will be limited.

HEALTH SAVINGS ACCOUNT (HSA)

Both of SWWC's health insurance plans offer the opportunity for an HSA, for the employer account contributions. An HSA is a tax-advantaged savings account that may be used to pay for out-of-pocket medical, dental, and vision expenses. An HSA may be contributed to by the employee, employer, or both.

LIFE & DISABILITY INSURANCE

BASIC LIFE AND ACCIDENTAL DEATH AND DISMEMBERMENT (AD&D)

Life insurance is offered through Madison National Life to provide individuals and their families with financial protection in the event of the employee's death. AD&D insurance provides individuals with financial reimbursement in the event of an accidental death or the loss or loss of use of body parts or functions. Dependent life insurance is also available.

CERTIFIED STAFF

- Employee Life (paid by SWWC) – **\$50,000**
- Dependent Life Insurance (paid by employee) – **\$10,000 or \$5,000**

LONG-TERM DISABILITY INSURANCE (LTD)

Long-term disability is offered to all full-time eligible employees through Madison National Life. LTD provides individuals and their families with financial protection based on 60% of the employee's current wages in the event of the employee's disability lasting longer than 60 days.

CERTIFIED STAFF

Receiving regular dental care can protect you and your family from the high cost of dental disease and surgery. Dental coverage is offered for basic and major services.

The dental plan also includes 100% coverage for preventive care. Dental insurance is offered through Delta Dental to help pay a portion of the costs associated with your dental care. To find an in-network provider, visit www.deltadentalmn.org

MATCHING BENEFIT

Upon successful completion of an employee's introductory period, employees are eligible for an employer match based on the negotiated rate based on the group the employee falls under. The employee match can be applied towards a 403(b), 457(b), a Thrive benefit or a combination of the three, not to go over the max of the employer match. For details on the employer match, please see the personnel policy or master agreement based on the group.

The current SWWC matching funds schedule is as follows (you must be eligible for benefits and have successfully completed your probationary period to receive the match):

- Administrators: \$3,500
- Certified Staff (CSA): \$2,500
- Program Specialists: \$2,000

403(b):

The 403(b) Plan is a valuable retirement savings option. Plan administration services for the 403(b) plan are provided by U.S. OMNI & TSACG Compliance Services (OMNI/TSACG). Employees save and invest pre-tax and/or Roth after-tax dollars through automatic payroll deduction, called salary deferrals. Employees are eligible to withdraw savings from their MNDCCP account upon retirement or termination of employment, disability, or to a designated beneficiary(ies) upon death.

For more information or to sign up, view the link [here](#) or contact Minnesota State Retirement System.

VOLUNTARY OPTIONS

BENEFITS DEFINITIONS

COINSURANCE

Your share of the costs of a covered health care service, calculated as a percentage (for example, 20%) of the allowed amount for the service. You generally pay coinsurance plus any deductibles you owe. (For example, if the health insurance or plan's allowed amount for an office visit is \$100 and you've met your deductible, your coinsurance payment of 20% would be \$20. The health insurance or plan pays the rest of the allowed amount.)

COPAYMENT

A fixed amount (for example, \$15) you pay for a covered health care service, usually when you receive the service (sometimes called "copay"). The amount can vary by the type of covered health care service.

DEDUCTIBLE

An amount you could owe during a coverage period (usually one year) for covered health care services before your plan begins to pay. An overall deductible applies to all or almost all covered items and services. A plan with an overall deductible may also have separate deductibles that apply to specific services or groups of services. A plan may also have only separate deductibles. (For example, if your deductible is \$1000, your plan won't pay anything until you've met your \$1000 deductible for covered health care services subject to the deductible.)

HIGH-DEDUCTIBLE HEALTH PLAN (HDHP)

A type of health plan that has lower monthly premiums, but higher deductibles and out-of-pocket limits, than a traditional health plan. HDHPs are often coupled with an HSA (Health Savings Account)

NETWORK

The facilities, providers and suppliers your health insurer or plan has contracted with to provide health care services.

NETWORK PROVIDER

A provider who has a contract with your health insurer or plan who has agreed to provide services to members of a plan. You will pay less if you see a provider in the network. Also called "preferred provider" or "participating provider."

OUT-OF-NETWORK PROVIDER

A provider who doesn't have a contract with your plan to provide services. If your plan covers out-of-network services, you'll usually pay more to see an out-of-network provider than a preferred provider. Your policy will explain what those costs may be. May also be called "non-preferred" or "non-participating" instead of "out-of-network provider."

BENEFITS DEFINITIONS (CONT.)

OUT-OF-POCKET MAXIMUM

The most you could pay during a coverage period (usually one year) for your share of the costs of covered services. After you meet this limit the plan will usually pay 100% of the allowed amount. This limit helps you plan for health care costs. This limit never includes your premium, balance-billed charges or health care your plan doesn't cover. Some plans don't count all of your copayments, deductibles, coinsurance payments, out-of-network payments, or other expenses toward this limit.

PREMIUM

The amount that must be paid for your health insurance or plan. You and/or your employer usually pay it monthly, quarterly, or yearly.

PROVIDER

An individual or facility that provides health care services. Some examples of a provider include a doctor, nurse, chiropractor, physician assistant, hospital, surgical center, skilled nursing facility, and rehabilitation center. The plan may require the provider to be licensed, certified, or accredited as required by state law.

REFERRAL

A written order from your primary care provider for you to see a specialist or get certain health care services. In many health maintenance organizations (HMOs), you need to get a referral before you can get health care services from anyone except your primary care provider. If you don't get a referral first, the plan may not pay for the services.
