

Lifelong Learning Transition Plans - This career and education-planning portfolio is for students in grades 9-12. High schools in the SW Minnesota Carl Perkins and Tech Prep Consortiums can receive the portfolios free of charge for one grade level of students each year (generally beginning in 9th grade). The portfolio provides inserts for each grade level so students can plan class schedules, set career and education goals, and journal pertinent activities. One hard copy of each insert will be mailed with portfolios orders. Schools can color code the inserts as they see fit. To order “Lifetime Learning Transition Plans”

contact Laurie VanWatermeulen at 507-537-2270 or laurie.vanwatermeulen@swsc.org
